RAIL OF BIGAMY SUSPECT WORLD-WIDE

RAIL STRIKE BREAKING AT IMPORTANT CENTERS.

Vote to Return to Work in Ohio, Indiana and Michigan; Canada Turns Down "Outlaws."

(BY A. P. NIGHT WIRE.)

CHICAGO, April 12.—R. D. Murphy, a strike leader, demanded that the "wage" demands "stand as first presented" and that "wage" demands be met before the men would return to work.

The Chicago Managers' Association must come to us," he said. "We do not expect the government to force us to work. There will be no one to take Grunau's place if they arrest him."

The first big break in the strike came at Columbus, where 600 men voted to return to work today. In other cities today, the vote was decided to do so.

At St. Louis, the vote was 300 to 200 in favor of returning to work. At St. Paul, the vote was 100 to 100.

FRANCE IN NEW NOTE.

Tense Allied Situation is Relieved.

Will Quit Occupied Cities if German Troops Withdraw from Ruhr.

Promises There will be no Further Independent Action.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 12.—The latest French note on the subject of the French organization move received here this morning says that the French troops in Frankfurt and other occupied cities will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region. It promises, it is said, that no further independent action will be taken by France.

The solidarity of the Entente is emphasized in the French communication. In British official circles the opinion was expressed today that all the dangers with which the situation was fraught had definitely been dispelled.

Up to noon Sunday there had been undisputed nervousness here over last week's cross-channel exchanges.

WON'T CONFER WITH COUNCIL. (BY CABLE AND ASSOCIATED PRESS.) PARIS, April 12.—It was declared today from a reliable source that if the Supreme Council meeting at San Remo was to discuss the misunderstanding between France and Great Britain, Premier Millerand would not attend.

A personal talk on the subject with Premier Lloyd George would be welcomed by the French Premier if Mr. Lloyd George could find it convenient to come to Paris, but it is considered in official circles that as the point at issue interests France and Great Britain only, it is needless to discuss it before the representatives of the other powers.

MUST HAVE HARMONY. (BY CABLE AND ASSOCIATED PRESS.) LONDON, April 12.—Both France and Great Britain are increasingly convinced of the necessity of keeping in agreement for the settlement of the questions regarding Germany and those affecting other parts of the world, Andrew Bonar Law, the government leader, told the House of Commons today.

The approaching conference of the heads of the Allied governments will no doubt serve to confirm and consolidate the complete understanding between the two governments," said Mr. Law.

Mr. Bonar Law was bombarded with questions on the situation and several queries suggested sympathy with the French viewpoint.

The government leader, however, refused to be drawn into a discussion. He declared any statement made in the House by a member of the government which would seem to justify the British attitude might have the appearance of criticizing the French viewpoint.

GUATEMALA IS FIRED ON.

(BY CABLE AND ASSOCIATED PRESS.) GUATEMALA CITY, April 12.—Many noncombatants have been killed in Guatemala City, which has been under shell fire of the forces of President Cabrera since Thursday evening.

The city is undefended except by volunteers armed with rifles. On one day the bombardment was kept up from 10 a.m. until 8 p.m.

Shells fell in various parts of the city and casualties are believed to have been heavy. Cabrera is strongly entrenched in La Palma, outside the city.

HERRERA SUCCEEDS CABRERA. (BY CABLE AND ASSOCIATED PRESS.) WASHINGTON, April 12.—President Estrada Cabrera of Guatemala has been declared not responsible by the Guatemalan National Assembly, and Carlos Herrera has been chosen as provisional President in his place, according to authoritative but unofficial advices which reached Washington today simultaneously.

REPUBLICAN REGISTRATION A LANDSLIDE IN THIS COUNTY.

(EXCLUSIVE DISPATCH.) SACRAMENTO, April 12.—The registration in Los Angeles county for the Presidential primary election May 4 exceeds San Francisco's registration by 141,406, according to official figures received by Secretary of State Jordan. Los Angeles county's total registration is 323,009, compared to 181,603 for San Francisco. There are more Republicans registered in Los Angeles county than the total registration in San Francisco.

The registration figures follow: Los Angeles—Republicans, 183,158; Democrats, 63,271; Progressives, 2075; Prohibitionists, 1088; Socialists, 4843; nonpartisan, 59,574. Total, 323,009. San Francisco—Republicans, 121,421; Democrats, 35,674; Progressives, 1355; Prohibitionists, 383; Socialists, 3046; nonpartisan, 19,250; scattering, 454. Total, 181,603. Thirty-three counties have reported to the office of the Secretary of State a total registration of 609,121 for the Presidential primary in May, it was announced today.

SEIZE DOCUMENTS THROWING LIGHT ON ANDREW CASE

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 12.—Mrs. Harry Lewis, who claims to be one of the wives of Richard Huit, now in a Los Angeles hospital recovering from a second attempt to kill himself following his arrest on a bigamy charge, left for Los Angeles tonight to defend her husband.

Before leaving for the south Mrs. Lewis expressed to the local officers her confidence in Huit, who also is known under a dozen or more names as a result of his many alleged marriages up and down the Coast.

Mrs. Lewis and Huit were married in Spokane, she stated. She was a widow. That another Northern California woman may be another of Huit's alleged victims became known when Sheriff Merrill Ballard of Red Bluff today wired the Los Angeles to hunt for her and her child in Long Beach. The name of this woman was not given by the officers.

Documentary evidence that the operations and connections of "Walter Andrew Watson," the man of many aliases and wives, were international in scope, and the entrance into the unique case of another woman, listed by the officers as a possible victim of violence, marked yesterday's developments in the investigation conducted by Sheriff Cline's men and the Nick Harris detective agency.

That at least one of the missing women is well known in Los Angeles and that she lived with the suspect in Santa Monica under the name of Mrs. Charles Newton Harvey is the statement of Deputy Sheriff Bell and Cousins. She is believed to have been Miss Agnes Wilson of Alberta, Can., and is said by the detectives to have married "Watson" under the name of Harvey in Edmonton three years ago. Before marrying Harvey she had worked for A. M. Tyson in Vancouver, B. C. Since her marriage she has not been heard from, according to the story told to the officers by J. R. Boyle of 214 Sunset boulevard.

"My family was well acquainted with Miss Wilson," said Mr. Boyle last night, "and when we saw that Watson had married a girl in Canada under the name of Charles Newton Harvey we recognized it at once. We had one of the engraved wedding announcements. Agnes was a girl of pleasing personality and had a very fine contralto voice. I do not think she had much money saved up, but she may have had. She was an English girl, well educated and of superior manner, but for a long time worked as a maid in the family of my brother, W. R. Boyle of Vancouver. The last direct news we received from her said she was moving to Los Angeles to live."

"She was supposed to be a traveling salesman."

Among the stacks of letters, addressed to unclaimed envelopes and postcards with scenes from Honolulu, Deputy Sheriff Bell, Cousins and "Pinkie" Harvey, who have been on the case from the start, and Operative Armstrong of the Nick Harris agency, found cards signed "Agnes" and "Agnes H." Other evidence in their possession, the officers say, leads them to the belief that Watson may be able to explain the woman's disappearance.

FIVE WOMEN MISSING. At least five women, believed to have married or been connected with "Watson," are placed by the officers on the "missing list." They, together with the circumstances surrounding their disappearance are:

Mrs. Florence Sherrard, 1025 East Thirty-second avenue, Spokane. According to Mrs. Elizabeth Williamson Lewis, one of the "wives" now here to assist the officers, Mrs. Sherrard probably married Watson and dropped out of sight about six months ago.

Mrs. Agnes Wilson Harvey. Married three years ago in Alberta, Can., and supposed to have gone to Honolulu. Post cards signed with her name, but unmailed, found in Watson's possession.

Mrs. Bertha Goodnick Gordon, married December 10, 1919, to H. L. Gordon. Supposed to have gone to Honolulu with Gordon. Telegram yesterday from niece, Mrs. Burt Harris, of 314 South Ninth street, Yuma, Wash., said no word received since wedding, and all mail addressed to Honolulu and elsewhere, returned.

Alice M. Ladvigson, Hilton, last heard of in the "missing list" in Seattle. This letter was a typewritten one, signed by the woman, and believed by the officers to have been a fake one. Chief of Police Warren of Seattle has since asked Sheriff Cline to make thorough investigation and hold Watson for him if he is released here.

NATIONALIST ASKS AID.

Mustapha Kemal is Hard Pressed.

(BY LARRY RUE.)

(BY CABLE—EXCLUSIVE DISPATCH.) BEIRUT, April 8 (Via London, April 12.)—Mustapha Kemal is hard pressed by the French and will be forced out of Cilicia unless given assistance, he says in a letter to Enver Pasha, according to information from Aleppo. He is said to have urged Shakh Nimet, Enver's alleged Aleppo agent, through whom the letter was sent, to start massacres in Aleppo, Damascus and elsewhere, to divert the French forces, permitting a reorganization of the Nationalist troops.

The Arabs, however, do not wish to encourage French occupation of the places mentioned. Fearing to let matters rest, they warned Shakh Nimet that the latter's home was contemplated to satisfy the French. The next day the Arabs with a great fanfare of trumpets, raided the home and learned, of course, with broken hearts—the Turk agent had fled.

The railroad between Adana and Aleppo is operating for the first time in months. The French are bringing reinforcements to Cilicia daily. The appearance of airplanes in squadrons at Adana and other places is reported to be dampening the enthusiasm of the Nationalists both in Syria and in Cilicia.

The French are reported to be on the Arab border.

CONSTANTINOPLE, April 10 (Via Paris, April 12.)—The British general sent to treat with Mustapha Kemal has returned to Constantinople without success.

The British have fortified Lami with trenches and wire entanglements. All inhabitants of the fortified zone who will not surrender arms are invited to depart. Hatzin has not yet been attacked.

TO REMOVE REFUGEES. Railroad communication has been re-established by the French between Adana and Aleppo; it is proposed to remove 2000 refugees from Adana to Cyprus, where already there are many Russian refugees. American destroyers are moving along the Anatolian coast for communication with the interior and to protect American citizens.

De La Huerta and Calles, Ruling Sonora, Await Carranza Move.

OFFICIALS SAY HIS TURN NOW.

Mexican President Must Act for Return of State.

Guarantees Against Invasion by Troops Demanded.

Claim Obregon's Candidacy is Real Cause of Acts.

(BY A. P. NIGHT WIRE.)

TUCSON (Ariz.) April 12.—Gen. P. Elias Calles has taken complete command of the government of Sonora, in place of Gov. Adolfo de la Huerta, who has gone to the hospital for an operation for appendicitis, according to a telegram received here this afternoon by the Tucson Citizen from a staff correspondent at Nogales, Son. The report has not been confirmed as yet.

NOGALES (Son.) April 12.—Officials of the new "Republic of Sonora," which withdrew from the Mexican government Friday, today awaited the next move, which they declared must come from the Carranza administration. In the meantime they are prepared for any military activity against the State.

Carranza has but one channel open for him to bring the State back into the federation of Mexican States, they said. He must assent to and guarantee Sonora what they claim is the State's right, that he will not send troops into Sonora against the wishes of the State government.

The Sonora officials accused Carranza of forcing the break in fe-

deral offices went over to the side of the new Sonora government.

Calles, who is in the Customs and International Revenue departments at Nogales, Son., collected previous to the rise upon which the State government seceded, had been placed in the Nogales, Son., stamp office guarded by a detachment of Calles's soldiers.

It is stated that more than \$100,000 dollars is being held pending instructions from the central government. It was stated in Sonora official circles that no word had been received as to the indorsement of the move of the secession of the Sonora State government from Mexico, Lower California, or any other State in Mexico.

CARRANZA SUMMONS RIOS. (REUTERS DISPATCH.) NOGALES (Ariz.) April 12.—Gen. Juan Jose Rios, commander of the Carranza troops in Sonora, arrived at Nogales, Son., this morning from his headquarters at Hermosillo and crossed the border into the United States as a result of the Carranza troops having been called to a conference by President Carranza.

The troops which have been commanded by Gen. Rios are now in the ranks of the army commanded by Gen. P. Elias Calles, the entire command going over to the Carranza administration, which recently seceded from the central government.

Gen. Rios, who is said to be an ardent supporter of Gen. Alvaro Obregon for President, refused to make any statement further than to say that he was a soldier and obeyed the order of his chief.

Gen. Rios was furnished a special train to the border from Hermosillo by Gov. De la Huerta, a number of the members of his staff who accompanied him, stating that they would stay with their command under the new regime.

MAY MOVE TO CANANEA. (BY A. P. NIGHT WIRE.) AGUA PRIETA (Sonora) April 12.—It was reported at military headquarters today that it is proposed by Gen. P. Elias Calles to remove the headquarters of the Sonora government from Hermosillo to Cananea, it being said the latter place is better from a defensive point of view should any attempt be made by Carranza forces to regain possession of the State records and equipment.

A proclamation has made its appearance on the streets here calling the citizens to arms against the Carranza government. The proclamation is signed by the president of the municipal government of this city and "issued by order of Gen. P. Elias Calles, commander-in-chief of all forces of the Republic of Sonora."

The proclamation announces the defense of the State against invasion of the Federal forces has been placed in the hands of Gen. Calles and his co-laborers, Samelago, Pina, Plank and others.

LIVING UP YAGUIS. (BY A. P. NIGHT WIRE.) AGUA PRIETA (Son.) Mex. April 12.—Word has been received at military headquarters that Col. Juan Escobar, until several days ago private secretary to Gen. Calles and who was on Saturday designated to take command of all forces garrisoned in and around the Mocuma district, has arrived at Agua Prieta to negotiate with the Yaqui Indians under command of Chief Antonio, who is said to have about 1000 followers.

According to reports, the Indians have signified their willingness to join the Calles forces in taking up arms against the central government. It is stated at military headquarters that in the recent negotiations culminate satisfactorily the Indians will be sent to the Chihuahua State line to reinforce State troops now stationed in that section.

Detachments of State troops, numbering in the neighborhood of 1000, who were recalled from guarding the Sonora-Sinaloa boundary, have been ordered to return to the State line stations and again take up patrol work, according to a statement today by military authorities of Sonora to the Associated Press.

The detachments had been guarding the boundary to intercept any attempt of Carranza forces under Gen. Manuel Diercke to invade Sonora.

Couriers intercepted the State troops as they were returning from the boundary after they had been ordered to disband and return to their garrisons. The men had been drafted for boundary-line duty.

MOUNTAIN PASSES GUARDED. The military also said that the mountain passes along the Chihuahua-Sonora State line were well guarded against any possible invasions from the east.

The State military received a report from Nogales this morning to the effect that word had been received at army headquarters there that Gen. Blanco was marching overland from Chihuahua points with approximately 2000 soldiers and should reach the Sonora State line within the next few days.

Word also comes from Nogales that the telephone and telegraph lines between that city and Hermosillo, the State capital, had been cut at various points during the night and that line men, guarded by State troops, had been sent out to repair the damage.

Gen. J. M. Pino, commanding the first divisional army of the State of Sonora, advised the Associated Press that he had received semiofficial information that thirteen additional States of the republic had voted to follow the example of the State of Sonora, seceding. Definite details as to the list of States is lacking, however.

SONORA TAXES LARGE. EL PASO (Tex.) April 12.—The withdrawal of Sonora from the Carranza government of Mexico takes one of the largest tax-producing States from the central government.

WHY CARRANZA FAILED.

Gen. Salvador Alvarado Explains Sonora Situation and Cause.

(EXCLUSIVE DISPATCH.)

NOGALES (Ariz.) April 12.—Gen. Salvador Alvarado, a prominent member of the Progressive party of Mexico, returned today from Hermosillo, where he has been in conference with Gov. De la Huerta of Sonora and Gen. P. E. Calles, recently appointed commander-in-chief of the union government of Sonora, and issued the following statement:

"The Progressive party of Mexico, composed of the most patriotic and energetic men, supported Venustiano Carranza in 1915, because this man, in protesting against the Huerta crimes, appeared as a man of character and anxious to follow and develop the vindictive task initiated by Madero."

"After the Carranza-Villa break this party supported Carranza because the Villa desertion presented an effort on the part of the conservative and reactionary elements to avoid the establishment of the reforms proclaimed by the revolution of 1910 and for which the people of Mexico have been struggling to establish since then."

"In 1917 this same party supported Carranza, because it believed in the order that the party continued united and without division, thus enabling Carranza to carry out his reforms and to establish a government with the necessary power to attain the reforms and to progress of the country."

"Carranza, instead of using this power to carry out such reforms and to solve all the problems that were in the way of the free development of the economic and social forces of Mexico, employed all the resources of the nation to prepare his plans to continue in power."

"For this purpose he has employed the army, the national funds, the railroads, the telegraph, the Carranza and the whole administration machine to impose by force State Government and destroy the progressive and honest elements with the help of the military and the police against the mandates of our national constitution which prohibits re-election."

"He has imposed by means of corruption and force, the governments of the States of San Luis Potosi, Guanajuato, Queretaro, Campeche, Nuevo Leon, Tamaulipas, Coahuila, Jalisco, Vera Cruz and other States in the way of the free development of the economic and social forces of Mexico, and he has employed all the resources of the nation to prepare his plans to continue in power."

HOUSE DEBATES ON WAR WASTE.

Republicans Denounce Camp Building System.

Democrats Defend Work of Wilson Administration.

Airing Continues Today; Two Proposals Considered.

(BY A. P. MIGHT WIRE.)

WASHINGTON, April 12.—After

Republican leaders had denounced

and Democrats had upheld the gov-

ernment system of building army

camps during the war, the House

prepared today for a fight tomorrow

on two proposals to deal with per-

sons alleged to have reaped rich

profits from alleged extravagance

and waste.

Along with the investigating com-

mittee's report attacking methods of

construction, the Republican major-

ity presented a resolution directing

that evidence obtained during the

nine months' investigation be

turned over to the Attorney-General

with the request that he institute

criminal and civil proceedings. The

Democrats countered with a sub-

stitute resolution proposing to in-

struct the committee to name per-

sons, firms and corporations "which

should be investigated," before di-

recting the Attorney-General to pro-

ceed.

When the House quitted tonight,

debate had not ended. The principal

speeches were made by Representa-

tive Doremus, Democrat, of Michi-

gan, author of the minority state-

ment, and Representative McCul-

lough, Republican, of Ohio.

Representative McCullough de-

clared the cry "We won the war"

had been made to cover many sins,

while Representative Doremus as-

serted that "if the Supreme Archi-

tect of the universe had built these

camps, the bleacher managers would

have found fault with the job."

The government lost \$18,811,521

on the sixteen National Army cam-

ponents. It was estimated by the

majority report, which asserted this

was due to "waste, inefficiency and

fraud" resulting from cost-plus con-

tracts, which were said to be "wide

open."

No estimate of loss on the Na-

ally completed in three months and

stands out as one of the great

achievements of the war."

Representative McKenna, Illinois,

and McCullough, Ohio, Republicans,

and Doremus, Michigan, Democrat,

were the committee members who

conducted the investigation.

PROFITING CLAUSE.

The majority submitted six recom-

mendations for legislation by Con-

gress, including the submission to

the States of a constitutional

amendment making "profiteering in

wartime treason." It also urged that

the Department of Justice be asked

to investigate work at every camp.

No recommendations were in the

minority report, and it listed two

conclusions, one condemning the

majority report and the other de-

fending Secretary Baker, who, the

majority declared, "must bear the

final responsibility."

The majority cites several items,

amounting to many thousands of

dollars, which it was argued could

legally be recovered by the govern-

ment from contractors.

The majority declared a Secretary

Baker should not have permitted a

departure from the old method of

competitive bidding.

"The minority is of the opinion,"

added its report, "that if views of

the majority had been adopted at

the beginning of the war the whole

building programme would have

been in a state of chaos, many of

our troops would have perished with

cold or died of disease in the winter

of 1917, and the German army would

have been in Paris before our sol-

diers could have entered the battle

lines."

The conclusions of the majority

declared that failure to classify ac-

counters alone caused loss of

\$400,000 for each cantonment;

that there was delay in cal-

culation of the cost of the work;

that there was delay in cal-

culation of the cost of the work;

that there was delay in cal-

culation of the cost of the work;

that there was delay in cal-

culation of the cost of the work;

Addressed to Buyers of Insurance

Of vital interest to employers, employees and individuals.

The three biggest things in your experience are life, property and risk. We deal with these in reverse order, beginning with risk.

You trust your life in the hands of a doctor. You trust your property rights to a lawyer. To whom do you entrust the great problem of risks to life, property, employees and public?

In the old days you gave your insurance to a friend, a lodge member, an acquaintance, a clever agent or someone whose business or favor you desired in return.

Today, if you are meeting the numerous and exacting requirements of business, humanity, law and success, you place your risks in the hands of the best insurance expert you can find.

LEAGUE'S FOURTH SESSION.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 11.—The fourth public sitting of the council of the League of Nations took place today in the Luxembourg Palace, Leon Bourgeois, president of the French Association of the Society of Nations, presided.

Herbert A. L. Fisher, British Minister of Education, representing Great Britain, read a report on the Armenian situation, advocating continuation of a state of Armenia on a free and independent basis.

What state would be willing to accept a mandate for Armenia would depend, according to the opinion of the council of the League, partly on the military measures necessary to liberate the soil from the enemy, the financial considerations, and the maintenance of the state afterwards.

The council did not consider that it was in its province to examine into the military situation in Armenia, the report said.

Concerning finances, the council declared that it was disposed to ask its members to discuss means by which a guarantee could be assured for relieving the mandatory state of financial liabilities consequent to acceptance of the mandate.

The council agreed to accept a request of Earl Curzon of Kedleston, British Foreign Secretary, to guard clauses in the Turkish treaty of peace, now under preparation, concerning the protection of Armenians.

Baron Matsui, Japanese Ambassador, M. Venizelos, Greek Premier,

Count Quiroga de Leon, Spanish Ambassador, and Dr. Gaston de Cunha, Brazilian Ambassador, were present.

The German government has notified the French government, according to official announcement today, that it has received reports that French troops are advancing towards Aschaffenburg (twenty-three miles southeast of Frankfurt), and, if that is true, Germany is obliged in all earnestness to point out the danger of collisions with the German troops.

France has replied that it has no intention of occupying Aschaffenburg, and adds that neither was Stoussstadt occupied, though it had been necessary on military grounds to push forward advanced posts in the neighborhood of Stoussstadt.

PAPER MANUFACTURERS MEET.

NEW YORK, April 12.—Delegates to the forty-third annual convention of the American Paper and Pulp Association, which opened today, were told that paper manufacturers were experiencing difficulty in obtaining pulp and other raw materials and that the situation had been aggravated by recent freight embargoes. Approximately 1,000 members attended. The convention will close Thursday night.

IF YOU sat downtown tonight, drop in at the Hotel Cafe, 227 South Hill Street, and you would see a most interesting sight. The National Guard, during March made a net gain of \$275 in enlistment, it was announced officially today. The guard numbers 42,600 or about 24 per cent. of the maximum.

PANDEMONIUM REIGNS ON BERLIN BOURSE.

COMPULSORY ORDER RESULTING FROM PEACE TREATY CLOSING STOCK EXCHANGE.

(BY A. P. NIGHT WIRE.)

BERLIN, April 12.—Pandemonium reigned in the stock exchange today in consequence of the putting into effect of an order for compulsory transfer of foreign securities held in Germany, as provided by the peace treaty.

Quotations slumped; no business was possible; brokers yelled invectives against the government; members of the Stock Exchange Committee were attacked bodily, and despite an appeal from Director Mankiewicz of the Deutsche Bank, the tumult rose to such a pitch that the Bourse was closed for the day. The Tagblatt reproaches the government for failure to prepare the country and take steps to stem gambling and speculation. Whole blocks of securities were dumped on the market, but there were no buyers.

The government's decision meant considerable loss to many holders. The stock exchanges at Hamburg and Frankfurt also were closed.

National Guard Gains Recruits.

WASHINGTON, April 12.—The National Guard, during March made a net gain of \$275 in enlistment, it was announced officially today. The guard numbers 42,600 or about 24 per cent. of the maximum.

"SMOOT LIES," CREEL CRIES

Publicist Hits Back at Senator
with Typewriter.

Indites Hot Letters to Accuser
and Palmer, Too.

Defends Actions and Demands
Full Investigation.

(BY A. P. MORT WIRE.)

NEW YORK, April 12.—George Creel, who headed the Committee on Public Information, tonight made public a letter he has sent to Atty.-Gen. Palmer, insisting that Mr. Palmer investigate at once charges by the joint Congress Committee on Printing that the Creel committee wrongfully had transferred the Official Bulletin to Roger W. Babson of Wellesley, Mass.

Mr. Creel also made public a letter to Senator Smoot, chairman of the committee, declaring the Senator knew there was no transfer of the Official Bulletin to Babson, but that the joint committee "sneakingly worked in secret to frame the indictment that my testimony would have made absurd."

He added that the Senator "as much as anyone else" was responsible for wiping out the Creel committee June 30, 1919, "in the middle of its orderly liquidation."

The joint committee charged that the transfer had been made without cost to Babson, and suggested institution of legal proceedings against Creel, Babson, C. T. Clayton and Edward S. Rochester, to see if

the government could not recover money.

In his letter to Mr. Palmer Mr. Creel said:

"I insist that your office commence an instant investigation, and put myself and every record at your disposal. I want to know from you also what protection a citizen has against the deliberate slanders of a member of Congress. Not only are Senator Smoot's charges false, but he knew them to be lies when he uttered them."

"The Official Bulletin was not transferred to Roger Babson or anyone else. It was discontinued by order of the Attorney-General on the ground that I had no right to sell the property at public auction. The one asset was a mailing list, and this was publicly placed at the disposal of any citizen caring to copy it, an action also taken under orders of the Attorney-General."

"Any private citizen was at liberty to start a publication of similar character, and this is what Mr. Babson did. He received nothing from the government except the right to copy the mailing list." "That after he had been 'dispossessed' on July 30, 1919, his records twice had been moved and had been jumbled into army trucks. He declared a 'private memorandum,' stating this confusion, was sent to Senator Warren, but some one sneaked it out to the press, and the conditions precipitated by Congress were credited to my 'desertion.'"

"I am sick and tired of this long-distance lying," he said. "Your recommendation to the Attorney-General to bring action against me is unbecoming and you know it. A better and quicker way is to have me appear before your committee, or any other Senate committee, and make full answer to this Official Bulletin charge."

"Ever since the armistice it has been your steadfast attempt to shame the American war record and besmirch every man connected with that record. To date these Congressional investigations have

cost \$2,000,000, but failure to develop a single instance of graft still forces your group to rely upon the activities of individual liars."

UNIVERSAL TRAINING RETAINED BY SENATE.

REFUSE TO STRIKE OUT MEAS-
URE IN THE ARMY REOR-
GANIZATION BILL.

(BY A. P. MORT WIRE.)

WASHINGTON, April 12.—The Senate refused today to strike out of the Army Reorganization Bill the provision for voluntary universal training recently substituted for the Military Committee's plan for obligatory training. The motion of Senator McKellar, Democrat, Tennessee, to strike out was defeated, 37 to 9.

The action of the Senate was expected to result in carrying the voluntary training proposal into conference for adjustment. Only youths between 18 and 21 would be accepted for voluntary training under an amendment suggested today by Chairman Wadsworth and written into the bill. Previous age limits were 18 to 23.

Twenty-five Republicans were joined by twelve Democrats in retaining the voluntary plan for training.

The Senate also defeated an amendment to require three hours' daily education of all soldiers of the regular army.

In the House, the Military Committee completed and will report tomorrow the regular army appropriation bill carrying \$237,245,944, a decrease of \$605,553,976 from the War Department's estimates. Rigidity economy is necessary in the face of a deficit of several billion dollars. Chairman Kahn said in the majority report, adding that the sums provided would meet needs of the military establishment the next fiscal year.

WITNESS SAYS WOMAN WATCHED HUSBAND DIE.

SAW HIS DEATH STRUGGLES
THROUGH WINDOW AFTER
ADMINISTERING POISON.

(BY A. P. MORT WIRE.)

ALTURAS, April 12.—Mrs. Olive Peck, on trial here for murder of Frank Peck, her husband, watched his dying struggles through a window, H. H. Vangher, a neighbor, testified.

Another neighbor, Mrs. J. Lowry, related from the witness stand a purported conversation with Mrs. Peck, who told her she could "kill anybody and get out of it" because there was insanity in her family. Mrs. Lowry also told of occasions when she had seen Mrs. Peck in company with a man whom the prosecution contends Mrs. Peck wanted to marry, and to this end sought to free herself of her husband.

Peck died in convulsions, and a post-mortem examination showed there was strychnine in his stomach. In a statement made in expectation of death, he said poison had been administered by his wife. Mrs. Peck after her arrest twice tried to commit suicide.

Gov. Calvin Coolidge

Says:

"Do the day's work. If it be to protect the rights of the weak, whoever objects, do it. If it be to help a powerful corporation better to serve the people, whatever the opposition, do that. Expect to be called a standpatter, but don't be a demagogue. Expect to be called a demagogue, but don't be a demagogue. Don't hesitate to be as revolutionary as science. MUSICAL.

BRAHMS PROGRAMME.

SASLAVSKY ENSEMBLE PLAYS TRIOS AND SONATA.

By Jeanne Hedman.

An evening with Brahms, presented by the Saslavsky Chamber of Music Society, attracted an audience of considerable size to Symphony Hall last evening. The two trios in C Minor and B Major, respectively, and the Sonata in A Major made up a programme of unusual demands upon the musicians. Brahms is never simple, even in his smallest forms, and in the trios he is not only complex, but profound as always.

There was a severe strain upon the instrumentalists from the point of view of clearly-maintained themes, especially in the first movement of the C Minor which, while full and lush in melody, is also devious and complicated. There were times when the work sounded a trifle murky in this first movement, but the musicians soon struck into it with ease and vigor, and the rest of the programme went with much more finesse.

The sonata for violin and piano, played by May Macdonald-Hope and Alexander Saslavsky, is one of the loveliest works in that form with which we are familiar. It has a truly pianistic quality, without in the least interfering with the strength of the violin in its purest and the themes are deeply imaginative and ingeniously developed.

And Simonson, cellist, was put to a severe test in the works for trio, and, with his associates, maintained his usual poise and interpretative discrimination.

Herbert Douglas Hechtel.

Revealing his feeling for the various moods of the Polish composer, Herbert Douglas, pianist, greatly delighted a large audience at his all-Chopin recital last Friday.

day evening at the Ebell Club House. His programme was presented under the auspices of The Matinee Musical Club.

For his opening number, Mr. Douglas gave the Fantasia in F Minor, manifesting ability and power in the interpretation of this vigorous composition. He accomplished the difficult technical feats of the series of studies, which followed, with facility. The Ballade in A Flat Major proved his capacity for evoking the charming musical expression of the composer.

"Betty Barker" Frocks Meet All the Demands of Particular Little Misses and Discriminating Mothers

Small girls are as quick as their mothers to catch the charm in the appearance of "Betty Barker" dresses, because they are so "different" in their appealing daintiness.

The perfect "fit" and the excellent workmanship are the next facts about these dresses to make themselves felt. Even the superiority of the materials is soon discerned.

The reason that "Betty Barker" dresses are better in so many ways than even the better class of ready-made garments, and not a bit more expensive, is because they are made by skillful fingers in Barker Bros.' own sunny needle-room.

In this busy room in Barker Bros.' Children's Store, voile and organdie of white and delicate colors are fashioned into beautiful little frocks of many and varied, but exclusive, designs. Imported laces, ribbons and ruffles are some of the effective trimmings of these extraordinary models, which are made in sizes two to ten.

VOLUNTEERS FOR HOOVER CALLED.

Manager Issues a Strong Ap-
peal for Workers.

Says the Majority of the State
Want Him for President.

Asks for Additional Funds to
Carry on Campaign.

(EXCLUSIVE DISPATCH.)
SAN FRANCISCO, April 12.—At a meeting at the Hoover State headquarters today attended by representative citizens from Northern California, a campaign to organize the Hoover volunteers, who will carry on the final three weeks of the campaign, was launched.
It is the plan as outlined that the volunteer workers will be enlisted in every community in the State to work from now on until, and on, election day, so that every vote for Hoover may be secured.
The meeting was presided over by Warren Gregory of this city, president of the Hoover Republican Club of California. Ralph P. Merritt, State campaign director for the Hoover Republican ticket of delegates, addressed the meeting. He told of the formation throughout the State of 150 Hoover clubs in different localities and of the support being given the Hoover ticket by eighty-nine leading daily and weekly papers in California. Gregory said:
"Nothing like the boom throughout this country to make Hoover President has been known to political history since the movement that made Abraham Lincoln President." Mr. Merritt said that all of the Northern California clubs and groups advocating the Hoover ticket would function through the San Francisco headquarters, while the Southern California clubs would be operated through the Los Angeles headquarters.

Speakers will be sent from both headquarters to different parts of the State carrying the message. A general plan of meeting was outlined that will bring the Hoover ticket of delegates to the attention of every man and woman in the State between now and May 3.

PEOPLE WANT HOOVER.
"This is a fight of citizenship against politicians and an entrenched political machine," said Merritt. "With all due regard to the strength of the Johnson machine, I believe from two trips that I have just made over the State that the great majority of our people want Herbert Hoover for President. Therefore, to supplement and strengthen the work that has been done by the Hoover Club of California, we are calling now for the organization of Hoover volunteers in every county; men and women who will give all of their time to the Hoover cause between now and the primary election on May 4 and on election day itself."
In spite of the reports circulated by the Johnson press to the contrary, not one cent of money had been received for the Hoover campaign from any point outside of California and that what little funds had been used had been contributed by citizens of the State.
He made an appeal for additional funds to secure the proper distribution through the mails of Hoover literature.

WOOD IN MASSACHUSETTS.
(BY A. P. NIGHT WIRE.)
WORCESTER (Mass.) April 12.—Gen. Leonard Wood, Republican Presidential candidate, started his eastern tour with addresses at Pittsfield, Holyoke and Springfield, Mass., today.

Speaking here tonight, he said: "The time has come to cut all unnecessary expenditures and get down to bedrock conditions."
"The burden of taxation is weighing heavily upon us. We must spread the war burden over a larger period. We must take the strange hold of the excess profits and other war taxes off the throat of American business and initiative."
"Now is the time to push forward American business. We have never had such an opportunity. The great trade areas lie open to us."

CHICAGO, April 12.—Illinois will hold its first Presidential preference primary tomorrow with Presidential candidates on the Republican ballot only.

Gov. Frank O. Lowden and Maj.-Gen. Leonard Wood are contesting for the State's preferential vote. Names of other candidates may be written in on the ballots.

A complete slate of Lowden delegates is in the field, while there are no Wood delegates.
On the Democratic side delegates will be elected, but as no candidate has filed for the State's preferential vote the delegates chosen will be uninstructed.

OMAHA, April 12.—Senator G. M. Hitchcock and Senator Hiram Johnson arrived in Omaha today to begin a speaking tour for their candidacies for the Presidential nomination, respectively, of the Democratic and Republican parties. Senator Hitchcock speaks tonight at Columbus, Neb., and Senator Johnson speaks in Omaha.

SALEM (Or.) April 12.—A personal telegram was received today by the Secretary of State from William H. Taft, requesting that his name be not allowed to go on the Republican primary ballot in Oregon as a candidate for President.

ALBUQUERQUE, April 12.—The Democratic State Central Committee, at its session here today, fixed June 3 as the date for holding a State convention to select delegates to the Democratic National Convention. The convention will be held in Roswell.

To Appear Before Grand Jury.
(BY A. P. NIGHT WIRE.)

CHICAGO, April 12.—Five members of the staff of the U. S. attorney, prohibition commissioner for the Central States, departed tonight for Marquette, Mich., to testify before the Federal grand jury concerning their activities during the Iron River prohibition squabble. Maj. Dairymple expected to go tomorrow.

Not to Visit Spain This Year.
(BY A. P. NIGHT WIRE.)

LONDON, April 12.—Arrangements of King George and Queen Mary did not include a visit to Spain this year, it was announced today. A dispatch from Madrid April 4 said it was reported that the King and Queen of England were about to visit Spain.

Our Soldiers Ate 1½ Pounds of Bread Each Day

Uncle Sam Figured Not on the Cheapest Ration but on the Best

Uncle Sam figured very closely what would be the best ration for our soldiers.

Experts were told to make our army the best fed army in the world.

Our men were given 69 ounces of food each day—and included in this was one and one-half pounds of bread.

Why were they given so much bread? Because bread is in itself, when scientifically made with milk, the only perfect balanced ration.

But remember this: Bread must be made right, in order to be a balanced ration.

HOLSUM Bread is made scientifically so that it will contain the maximum amount of nourishment and will be truly a *Perfect Balanced Ration*. It is made with milk and with "pure food," highest quality ingredients. Encourage your family to eat a lot of it.

ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

Aspirin is trade mark of Bayer Manufacturing Monocristalline of Salicylic Acid

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a make-shift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthrox mixture. You can use this at a cost of about 3 cents a shampoo by getting some canthrox from your drug-gist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.

"CHIMES" CHARM.

MISS WHITESIDE DELIGHTS IN BRILLIANT OPERETTA.

By Grace Kingsley.

Brilliantly tuneful and colorfully staged was Robert Plaquette's "Chimes of Normandy," which served as the opening offering of the Gallo Opera Company for the second week at the Mason. A large and appreciative audience heard the production, which will hold the boards two nights longer, and demanded encores of all the well-known numbers.

Surviving the rise, death and decay of hundreds of other comic-opera productions, the smooth-flowing, catchy melodies of "The Chimes" have never been better sung in this city than last night. In acting Jefferson de Angelle distinguished himself by a fine portrayal of the miser floating and dying over his gold when the chimes sound his knell. This acting is the more remarkable to those who have viewed his brilliant comedy.

The story of the lost marquise and the haunted chateau unfolds melodiously, with each characterization nicely done and each role splendidly sung. A very bright high spot is the brilliant performance of Miss Whiteside as the mischievous Serpentine. Miss Whiteside is dainty and vibrant and her voice very sweet. She is possessed of much magnetism and dramatic ability. A triumph was also scored by Ethel Tammara, who sang Germaine in fascinating fashion.

The very fine voices and pleasing personalities of Messrs. J. Humbird and Edward Quinn enhanced the roles of the fisherman and the marquis, respectively. The big chorus gave the ringing melodies their full value.

As though foreseeing events Mr. Plaquette wrote that lifting "Cider Song" in the third act, which even though it does smack of "sour grapes" nowadays, won much applause as sung by Miss Whiteside. So much fresh beauty of personality and voice should be rewarded by the presence of all music lovers, and I do not know of an organization which has visited this city in many a moon, which can boast so much youth, beauty and musical talent as this one.

WHEELER OAKMAN TAKES RANK AS STAR.

No more does Wheeler Oakman belong to the "Only Their Husbands' Club." The Oakman home hereafter is going to boast two stars, for yesterday Priscilla Dean's husband signed on the dotted line which raises him to the enviable position of stardom with the First National Exhibitors' Circuit, making his own productions, and hereafter doubtless the house will be all cluttered up with press clippings, which poor dear mamma Dean will be driven to distraction trying to keep in order. Also it looks as if he will be a star in his own right, but he's going to have a nice, new studio built for him by Sol Lesser and the Gore brothers.

Mr. Oakman not only will be a star in his own right, but he's going to have a nice, new studio built for him by Sol Lesser and the Gore brothers.

ZASU PITTS APPEALS IN PLAINTIVE ROLE.

If Charles Dickens ever condescends to visit a picture studio, I'm sure he must have been hovering around the day that Claude R. Mitchell wrote "Seeing It Through."

There are a wealth of Dickens characters in "Seeing It Through," in fact, commencing with that Tom Pinch sort of person, "Bolters," the poor, dreamy underling, to the rich money grabber, who had owned him since he got him out of an orphanage, "capitally played by Frank Hayes. The story itself deals with the young girl trying to support an invalid mother, and getting the worst of it through the machinations of the heartless money grabber aforesaid, until the very last reel, when, of course, some kind-hearted rich people, together with her lover, come to her aid. Not so much money grabbing, done in a sympathetic and human fashion by Miss Pitts, supported by Edwin Stevens, Henry Woodruff, W. J. Bainbridge, Helene Midgley, Julianne Johnson, Hugh Mack, Anna Hernandez and Fred Mack, in addition to Mr. Hayes.

There's only one criticism of the picture. It's continuity is a bit choppy, probably from bad cutting.

First National Bulletin.

J. D. Williams, head of the First National Exhibitors' Circuit, leaves today for New York, and Sol Lesser, owner with Gore brothers, of the western First National franchise, will leave early next week for the same destination.

An effort is to be made, according to report, to get the First National to bring its next convention to this city.

Faversham with Selznick.

William Faversham has been engaged by Myron Selznick, president of Selznick Pictures Corporation, to star in a series of pictures. His first picture will be a film version of Ernest Hemingway's widely known story, "The Man Who Lost Himself." Supporting Faversham will be Mrs. De Wolf Hopper.

Mildred Chaplin Returns.

All thrilled with the excitement of meeting the Prince of Wales, Mildred Harris Chaplin has come back to town, but hasn't yet sufficiently recovered from her awe of meeting royalty to return to work, she laughingly says. She expects to go to work on "Old Dad" next week, following it with another picture, and then going to New York with her mother.

And after New York, Mrs. Chaplin just hopes and hopes that she and mother can go to Europe. In fact, they're planning on that. Then she'll have another little visit with the Prince, because she is to be Lady Stuart MacKenzie's guest.

The Prince is the very best looking man I ever saw," said Mildred, "and that isn't just because he's a Prince, either. If I didn't know he was a Prince at all I'd say the same thing."

Eileen Percy to Starred.

Eileen Percy is to be starred by the Fox Film Corporation, if all reports are true. To be sure she is scheduled merely to play the lead in "Her Honor the Mayor," but those professing to know declare this is merely therelude to making her a star. Miss Percy has just signed a long-term contract with Fox.

"Her Honor the Mayor," a well-known play, was to have been done by Madeline Travers, but that actress having "reverted her connection with the Fox company, Miss Percy has been assigned to the starring role.

BARRYMORE TRIUMPH.

"JEKYLL AND HYDE" POWERFUL PHOTODRAMA.

By Edwin Schallert.

The most powerful and, simultaneously, the most hideous picture shown on the screen in months—that is the summing up of "Dr. Jekyll and Mr. Hyde" at Grauman's. What is more, it is the first picture to afford that modern giant among actors, John Barrymore, a truly great opportunity in the cinema for the exercise of his talents.

Barrymore of this film, and the Barrymore of such shallow stuff as plays from Oppenheim stories, no more resemble each other than does his Apollo-like visualization of Jekyll seem like his hideously monstrous Hyde.

The screen drama based on Robert Louis Stevenson's sinister study of experiments with evil, is not a patchy transcription of the classic story, but it is an infinitely finer piece of technique than the creaky old stage drama. The theme lends itself remarkably to the picture form. The only fault is that the less vigorous minded will find the realities too rough on the nerves, but they cannot deny the potency of Mr. Barrymore's acting, which is the controlling, dominating factor.

In sheer force of situation "Dr. Jekyll and Mr. Hyde" does not equal "Behind the Door," the Bosworth picture which sounded the note of the terrible. But the theme of the Barrymore production, and the acting of the principal might almost be said to surpass anything of the kind yet seen on the screen. We can easily appreciate the reason why the star has had his name emblazoned in the most prominent place on Broadway all season, and in addition why he had to forego further engagements on account of a breakdown after enacting the Jekyll-Hyde characterization and Richard the III at the same time. The fierce intensity of the picture play was sufficient without his acting in the stage drama at the same time.

The spell of Barrymore's creations, the remarkable atmosphere of the film drama, the lurid hellishness of some of the scenes, where the star would nearly make you hate himself for portraying such a character in so vivid a manner, held the audience at Grauman's Theater in a spell such as an audience seldom or ever feels in a photoplay house. "Dr. Jekyll and Mr. Hyde" isn't pleasant drama, but you can't make midnight into day simply by turning on gay lights, and the producers of this picture have let darkness have sway until a beautiful ending relieves the emotions.

The picture is Barrymore's entirely. The supporting cast has the necessary qualifications for their roles, and the principal feminine part is portrayed by Martha Mansfield, a girl of rare charm and attractiveness, who is perhaps not adept at shading of expression, but nevertheless a fascinating picture type.

The programme is brightened with a musical novelty, the usual topical films, and other routine numbers.

BILLIE ROCK HAS KISSABLE GIRLS.

Seven is a lucky number at the Orpheum this week, for starting your count with the news views the spot is the one awarded to William Rock, Eq., at the Orpheum this week. And, what is more, there are five plus two girls in the Rock act, each of whom is a bright spot on the programme.

Rock's diversification is one of those frothy midnight frolic affairs he has shown a faculty for assembling. There's a lot of dancing, some comedy a little Eddie Foy sing-along or even a scene of a simple scene. Without a few kisses one of Billie's entertainments would be like a cafe since Volstead began business.

Hattie Manning, formerly of this city, dolls up and dances, and does a fancy stunt with Rock. Both acts are rather extravagant affairs except scenically. Miss Padden does a very funny thing, a scene of a simple scene. Without a few kisses one of Billie's entertainments would be like a cafe since Volstead began business.

The bill starts early and finishes late, but there is nothing opaque about any of it. Phil Baker, in comedy and in emotion. Both acts are rather extravagant affairs except scenically. Miss Padden does a very funny thing, a scene of a simple scene. Without a few kisses one of Billie's entertainments would be like a cafe since Volstead began business.

DAILY TRADE TALK.

Food Storage Increases; Some New Fin-
ancing; Development.

BY CHAPIN HALL.

Food storage is increasing, especially dairy products. The storage is later in gathering momentum this spring, and it is likely prices will not be as responsive as before. Butter storage in Los Angeles warehouses is reported at 13,944 pounds as compared with 2374 pounds a week ago and 8793 pounds for the corresponding week last year. There are 35,920 cases of eggs on hand; nearly 500 cases over last week's figures, but only half as many as were put away at the corresponding date in 1919. Cheese holdings show a slight falling off, 462,278 pounds as compared with 474,091 pounds a week, but greater by 250,000 pounds than in 1919. Potatoes are showing a gradual storage decline. Receipts have been falling off as the demand has diminished because of the high price and the boycott. A year ago there were 62,130 sacks of spuds in reserve. According to the current compilation there are only 45,880 sacks, a decline in a week of about 3000 sacks and in two weeks of 6000 sacks. Apple storage has increased to 174,971 boxes. Onions show a decline from 1560 sacks to 1355 sacks. The switchmen's strike has resulted in heavy withdrawals of food supplies to meet an emergency condition, but on the whole conditions are about normal for the season.

\$25,000,000 Telephone Issue.
A new bond issue, consisting of \$25,000,000 convertible 7 1/2% Southern Bell Telephone Company of Missouri was the outstanding local offering yesterday. The bonds are convertible at the option of the holder into 1 per cent preferred stock of the issuing corporation at par, and will be sold on a basis to yield 7.50 per cent to the investor. The Southern Bell Telephone Company is controlled by the American Telephone and Telegraph Company, which owns all of the capital stock of the former corporation. The gross revenues of the company increased from \$10,000,000 in 1915 to \$29,000,000 in 1919, while during the same period the net income available for interest charges increased from about \$4,700,000 to \$6,000,000. The plant of the company is valued at \$95,000,000, against which there are reserves for depreciation of \$17,000,000.

The underwriting syndicate is composed of the Guaranty Trust Company of New York, J. P. Morgan & Co., Kidder, Peabody & Co., the National City Company, Illinois Trust Company, and Kaiser, Fisk & Co., among local participants are Blankenhorn-Hunter-Dulin Company, Blyth, Witter & Co., E. H. Rollins & Sons, Drake, Rife & Thomas, Terrence-Marshall Co., Stevens, Pass & Sterling, A. E. Lewis & Co., and the Guaranty Trust and Savings Bank, the Citizens National Bank, Los Angeles Security Trust and Savings Bank.

The Dollar Coming Back.
It looks as if the American dollar is becoming available for those who have followed the interest trend of recent issues have not failed to notice that it has been fixed around 7 and 7 1/2 cents to cover a period of years, and it is likely that this will be about the going rate. The recent issue of cheap money, investment bankers view this development with rising expectation of an early stabilization of the money market.

Bond Market Active.
Another good sign in the activity with which the recent big offerings have been snapped up. The latest of these to be over-subscribed in the Pennsylvania Railroad issue which was brought out last week. Notices of allotments were received in Los Angeles yesterday by local participants who announced that orders of from \$1000 to \$10,000 will be filled to the extent of \$10,000; from \$10,000 to \$15,000 to the extent of \$2000; from \$15,000 to \$20,000 to the extent of \$1000; from \$20,000 to \$25,000 to the extent of \$500; and \$25,000 and over to the extent of \$1000.

More Hydroelectric Power.
An interesting statement in regard to the development of California hydroelectric companies in California during the year 1919 was made yesterday by E. H. Rollins & Sons. "During this year," it is said, "it is expected that newly-installed steam power and hydroelectric plants will result in a total increase of 257,000 kilowatts or 343,900 horse power of generated electricity. Of this increase the Great Western Power Company, with the first two units of its new Caribou plant will bring in 100,000 kilowatts or 133,300 horse power, while the Southern California Edison Company, with its additional unit to its Long Beach steam plant, to its Big Creek plants No. 2 and No. 3, and with possible addition to its Kern River plant No. 3, will bring in 146,900 kilowatts or 195,800 horse power. Thus these two companies, during the year 1919 will bring in about 84 per cent of the increased electrical generating capacity of the State of California."

Liberty Bonds Tumble.
Those who thought government bonds had reached the limit of their advance reached their estimate

LATEST NEWS OF FOOD PRICES.

Strawberries, Artichokes and Asparagus are Cheaper; Cabbage a Luxury.

During the past two weeks, strawberries, artichokes and asparagus have declined in price in the retail markets, but cauliflower and cabbage, which are becoming scarce, have advanced to higher levels. Good strawberries could be bought yesterday at 16 and 17 cents per basket, although prices ranged all the way from 15 to 21 cents. Asparagus ranges from 10 to 20 cents a pound, while artichokes have come down from 7 1/2 to about 5 cents each.

Cabbage, during the past two weeks, has advanced from 5 to 6 cents per pound, while cauliflower is almost 10 cents per head higher for the fancy grades. Lettuce continues to retail at two heads for 5 cents in most of the markets, with no present indication of going higher.

The face of yesterday's market, which established some new low records, Fourth Libraries fell to 48 1/2, which represents a drop of two points in three weeks and placed them on a 5 to 4 per cent basis, practically the same as some forms of commercial paper. The slump yesterday was probably encouraged by the statement that a new issue of 5 to 4 per cent treasury certificates would soon be issued. The other issues all declined and the market was the weakest and most unsatisfactory in weeks.

Los Angeles Stocks.
The market yesterday was narrow and rather weak. Oil made the best showing. General Petroleum being especially strong, selling up to \$147. White Star continued to be the favorite of the board and was very active after being moribund for months, opening at 11 cents, attaining a high of 14 cents and ending to a close of 10 1/2 cents. Republic Petroleum was in good demand at 27 cents and the sugar stocks continued to show strength. Mines were quiet except Telluride, which changed hands up to 39 cents, closing around 38 1/2.

Federal Aid for Roads.
According to the bulletin of the Department of Board California's share of Federal aid for public roads for five years is \$3,354,354.77, to cost \$3,374,425.74, and on which Federal aid was requested for \$4,447,980.12. The bill has been approved and six projects estimated at \$1,335,588.90, on which Federal aid amounting to \$679,294.45 is requested, have been submitted for approval. There are under construction at present twenty-eight projects, of which eight are practically completed. The projects are widely scattered into every part of the State, but are all located on the State highway system. They are located in thirty-one different counties. Under appropriation for forest roads, California has been allotted a total of \$1,900,000 to date.

Reserve Bank Statement.
Gold reserves of the Federal Reserve bank of San Francisco, of which Los Angeles is a branch, show a decline, according to a comparative statement issued yesterday, of about \$7,000,000 for the week. Total gold reserves are \$145,301,000, as compared with \$152,455,000 the preceding week and \$152,075,000 for the corresponding week a year ago. Legal tender notes, silver, etc., bring the total up to \$148,782,000. Total resources are \$485,057,000, compared with \$494,011,000, the preceding week and \$321,259,000 for the week ending April 11, 1919. Discount rates are unchanged.

Mexican Petroleum.
The annual meeting of the Mexican Petroleum directory will be held today at the offices of the corporation in the Security Building, for the transaction of routine business, according to announcement yesterday. The statement of earnings will not be ready for presentation at this time and will be deferred about one month.

California Bean Crop.
The total acreage of California field crops in 1919 was 3,351,340, compared to 3,314,200 in 1918. By reducing all to the same unit of measure—225 bushels to the acre—the production in 1919 was 7,427,358 tons, compared to 8,355,688 tons in 1918, and the total farm value to the grower is \$244,463,000 in 1919, compared to \$245,599,000 in 1918.

SAN FRANCISCO, April 12.—Butter, extra grades, 58; prime firsts, nominal. Eggs, fresh, extras, 42; firsts, 39 1/2; extra pullets, 27; underseals, 23. Cheese, old-style California, fancy, 29 1/2; ordinary, 25; Young America, 30.

Gets Tagged to Test No-Parking Law.

L. G. Thompson (at wheel) and Sergt. Harlan.

ARRESTED TO TEST LAW.

(Continued from First Page.)
Business houses in the north section again reported that they did a "rushing business" during the parking hours.

ARK AMENDMENT.
The Wholesale Dry Goods Association petitioned the City Council yesterday to amend the ordinance so as to prohibit parking in front of elevators and freight doors on Los Angeles street. This thoroughfare is now in the business zone inside of which two-hour parking is permitted anywhere between 10:30 a.m. and 6:15 p.m. The matter was referred to the Public Safety Committee.

If the ordinance reaches the civil

court in an application for an injunction to restrain the police from enforcing it, City Attorney Burnell will appear to defend its legality. It was drawn by his office and he says the measure is within the legal rights of the city. It will be defended in the police and other criminal courts by representatives of the city prosecutor's office.

The office of the City Attorney and the city prosecutor are receiving many requests for information relating to parking are not in effect Sunday the section relating to the left-hand turns applies every day.

(Continued from First Page.)

that a test of the new ordinance may be made.

Mr. Thompson told Captain of Traffic McDowell he will enter a plea of not guilty in police court today and, if found guilty, will carry the matter first to the Superior Court and then higher if necessary.

"We intend to fight this ordinance to a finish," said Mr. Thompson. "and I believe that in the end we will prove that a person has a right to park an automobile on the city streets long enough to make a purchase. Thompson's automobile stood for just four and one-half minutes at the curb at Sixth and Broadway before Officer Harlan tagged it."

As a result of the banishment of machines from the no-parking area the police were called out again and again yesterday to keep Broadway, Hill, Main and Spring streets north of First street clear of automobiles.

Jail included—and the North Broadway street cars, under the plan, would be routed around by Temple and New High streets and Sunset boulevard. Further, going north from Sunset the cars would be carried as far as the river and the monumental archway, "entrance to the city," that it is planned to erect at the bridge.

The improvements, it is con-

tended, would open up within a few minutes' journey of the downtown business district a region well adapted for fine home building and for good hotels. Such development would not disturb the city's present commercial center. It is further stated, as the district north of First Hill will not attract business away from the region south of First street. On the contrary, development of a fine residence district north of Sunset boulevard and adjacent to North Broadway would mean millions in realty values, it is declared.

NOT LOCAL ROOM.
While the real estate considerations involved are large, the project to build this temple here is not a local promotion enterprise. In formulating a plan for an international building as a monument to good will and cordial relations, the society of American Republics decided to choose a site on the borderland between the English-speaking and Spanish-speaking regions of America. Los Angeles was selected partly because it is the home of most of the officers of the society and partly because it is the greatest city that meets the borderland requirements.

The exhibit and art works to be assembled in the temple are to be chosen and so offered to the public with the idea of promoting better feeling and understanding among

NAB ALL GAMBLERS, HOME TELLS POLICE.

SAYS OFFICER WHO FAILS TO CLEAN UP HIS DISTRICT WILL BE SUSPENDED.

Following a conference with Mayor Snyder, Chief of Police Harlan yesterday issued the following order to all division commanders in the police department:

"The reputation of the police department has suffered during the past few weeks because of charges repeatedly printed that gamblers are able to operate in Los Angeles in apparent defiance of the law. The average of integrity and moral courage in this police department is very high, but because of the failure of a few individuals to do their duty we all suffer disparagement."

"Fellow-members of the police department, it is your duty to prove baseless any charges made that gamblers here can defy the law. You are hereby notified you will be held personally accountable if any gambling places are in operation within the district to which you are assigned for duty."

"Any member of this police department who does not put a stop to any and all gambling conducted within his district of duty will be suspended immediately and charges of incompetence and neglect of duty will be filed against him with the Police Commission."

"You are warned. For your own honor and the honor of our city be diligent, efficient and fearless. No law violators have a 'pull' with this police department. Arrest all persons, regardless of wealth, social or political connections, who find violating our laws."

(Signed) "GEORGE K. HOME."

FOR ROGERS HEARING.
New Case may go Before Judge Myers for Trial.

The case of Earl Rogers, noted attorney, charged in a new complaint with excessive use of narcotics, was yesterday transferred to Department Ten to be set for trial by Presiding Judge Weller for Thursday morning. Judge Weller said he had not decided who will try the case, but it may go to Judge Myers. The latter recently dismissed a complaint charging Mr. Rogers with "inebriety" on the ground that it was not a legal one, failing to specify time and place. Mr. Rogers charges that Judge Reeve of the Juvenile Court is biased, and is opposed to the case being sent to him.

LOOT IS RECOVERED.

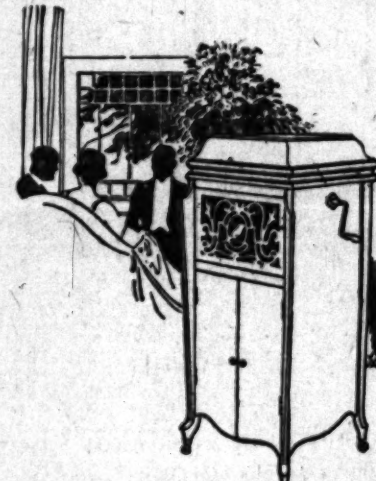

Arrest of Mexican Leads Police to Stolen Goods.

Clothing, furs and silverware valued by the police at more than \$2000 were recovered after yesterday in a house on North Anderson street following the arrest of Joe Fernandez, a Mexican, on a charge of burglary. Fernandez was taken into custody and the stolen goods recovered by Police Detectives Longuevan and McCarron.

According to the charges of the arresting officers, the lost recovered was taken in a number of burglaries in which the prisoner took part. Most of the articles were identified yesterday. Fernandez's operations, the police say, started about three months ago.

Chamberlain's Cough Remedy.

The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakely, Decatur, Ill., writes: "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself." [Advertisement]

Prince Rides the Surf.

HONOLULU, April 13. — Edmond de Wales, rode the surf at Waikiki Beach today in an outrigger canoe, piloted by Duke Kahanamoku, world's champion surf swimmer. After the ride over the Prince expressed regret that his programme permitted only one day's stay in Honolulu. He arrived this morning on the British cruiser Renown, which was met at sea by the United States cruiser Birmingham and escorted to pier. Two hours later he was fettered with thousands of flowers the streets and cheered his appearance. The Renown was scheduled to sail at daybreak tomorrow. It was announced that her propeller was damaged by a rock while passing through the Panama Canal.
